

Spay or Neuter Needed

There are far too many roaming and stray animals all over Belize.

Our charge is to educate on the importance of Spaying & Neutering and pass along information about spay/neuter clinics in your area

We offer occasional Spay and Neuter Clinics as well as limited sponsorships for Spay/Neuter.

Please check our FaceBook Page or Website for the next clinic date or you can message our Facebook page or email us at info@cayoanimalwelfaresociety.org for more information.
